Study each lesson and make it your own. No book of methods can take the place of live thought. Find out what each lesson teaches. Make note of the facts that are to be brought out by the class. Think how best to throw light on these facts, - whether by pictures, by short stories or by crayon sketches. Above all know your school district. Be ever alert to direct pupils to objects that they can see or handle, - to hills, brooks, flowers, animals, people, etc. Let each lesson grow out of the one preceding it. Forge a chain of thought and each link will help to hold all others in memory. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
