The Perspective of the Acting Person introduces readers to one of the most important and provocative thinkers in contemporary moral philosophy. In this collection of essays Martin Rhonheimer examines the central themes of natural law, moral action, and virtue emphasized by John Paul II's 1993 encyclical *Veritatis Splendor*. Rhonheimer's work follows the general direction taken by the encyclical through an almost unprecedented rigor of philosophical argumentation and level of engagement with both European and American scholarship. Rhonheimer argues extensively, from the texts of Aquinas, against aspects of more traditional interpretations of the Angelic Doctor. He maintains that their deficiencies helped precipitate both the postconciliar crisis in moral theology and the rise of revisionist approaches. The collection focuses on Rhonheimer's fundamental ethical theory, establishing the theoretical bases for his more applied works in areas such as sexual ethics, political philosophy, social ethics, and medical ethics. A detailed introduction by William F. Murphy, Jr., sketches Rhonheimer's intellectual biography and the development of his thought, and summarizes key content from the essays. Finally, a detailed bibliography of Rhonheimer's work is included, which further enhances the volume's value to moral philosophers and theologians. Martin Rhonheimer is professor of ethics and political philosophy at the Pontifical University of the Holy Cross in Rome. His publications include a dozen books, several of which have...
