Excerpt: . . . 11 In this intermediary, the so-called hired guns, there is somewhat of a paradox in that that is the very model of privatizing government services, which is - I am not trying to be partisan here, but that has been sort of the mantra of the majority party now, and yet it is that very privatization that in some cases has made it more difficult for us to deal with them. And I just wonder if there are comments from the sponsors of the bill about that. Mr. T. We could probably have a discussion that would go OOMEY on for a very long time on this topic. I think that the word privatization can, of course, mean many, many different things to different people. Having a private corporation to perform the functions within a very highly bureaucratic government structure may not necessarily provide great relief. However, I think if we move in the direction of empowering patients to make the decisions about the kind of insurance product they would have, the kind of...
